Mr. Alan Greenfield
Trustee
Juliana Greenfield Family Foundation
2215 Sanders Road, Suite 100N
Northbrook, IL 60062-6126

Dear Mr. Greenfield,

Thank you very much for the pledge of \$250,000 from the Juliana Greenfield Family Foundation to establish the Juliana Greenfield Family Foundation Fund at Dana-Farber Cancer Institute. These pivotal resources are greatly appreciated and empower Dr. Robbie Majzner to fuel clinical innovations that significantly elevate standards of care for neuroblastoma.

Strong supporters like you have always brought encouragement to our researchers and hope to the patients we serve. Please know that you are integral partners in Dr. Majzner's important work, and we are so fortunate that you have committed to driving his groundbreaking investigation—the first trial of its kind in the nation. At this moment of immense promise in pediatric oncology, the Foundation is playing an essential role in allowing his team to capitalize on emerging opportunities and sustain momentum against neuroblastoma. For children and families across the globe, there is no time to waste, so your thoughtful generosity is profoundly impactful as Dr. Majzner and his colleagues continue to accelerate next-generation CAR T-cell therapies from the lab to the clinic.

We are all moved by Juliana's resilience and the deeply personal way you are honoring her life by helping other young patients. On behalf of Dr. Majzner and the entire Dana-Farber community, thank you again for your devotion to our shared mission.

Gratefully,

Melany N. Duval
